"And by chance there came down a certain priest that way: and when he saw him, he passed by the other side. And likewise a Levite, when he was at the place, came and looked on him, and passed by on the other side. But a certain Samaritan, as he journeyed, came where he was: and when he saw him, he had compassion on him."

Luke 10:30-33 (King James Version)

Your brain goes 3 times faster than your tongue! Hush and listen!

MORE NON-DRUG PRESCRIPTIONS!

1- Separate Time from Technology

2- Sabotage your fuse box!

3- Get less done, but do the right things

4- Don't Rush Wisdom

5- "Type A's": Stand in Long Lines!

6- Plan for free time

7- Be available for the purposes of God

$$e = mc^2 \quad c = (186\,000 \text{ miles per second})$$

The multiplying coefficient for our labor is the power of the Holy Spirit of God
- you can't build the kingdom of God by your own labor

God will never lead us into an intolerable scramble of panting and feverishness

- do you have such a small image of God that you think he needs you to work 36 hours per day?
- we put ourselves in that position

When God sends somebody across your path, are you sure that you have the availability to recognize those divine moments?

Prayer: Dear God, help me to be restfully available this day to do your will, to do less but choose to do the right things, and do them well to your glory.
